ZAYED UNIVERSITY

From: Zayed University Library and Learning Commons
RE: Community Members and Scholars

The Zayed University Library and Learning Commons invites scholars from other Universities and members of the community to conduct research at our campuses in Dubai and Abu Dhabi by participating in our Community Borrowers program. Community Borrowers provide a 500 AED deposit to establish an annual membership which allows them to use most of the Library's resources subject to availability. Community Borrowers may access the Internet in accordance with the ZU Internet Access Policy and borrow items from the Library collection, excluding media and software. Community Borrowers must abide by the guidelines posted at: http://zu.libguides.com/borrowing . These guidelines include respecting the rules and customs of the University and nation and the library timing for each gender.

Interested scholars are invited to complete the application for Community Borrower status and to bring this application along with photocopies of his/her passport and ID and the 500 AED to the Abu Dhabi or Dubai campus to establish Community Borrower status and to be issued a membership card which will be used to access the Library on future visits. It is best to pre-arrange a date and time to bring these items to ensure that the services of the cashier's office will be available.
